Grading

M = Mint; new, unplayed
M- = Mint Minus; near mint, excellent, probably played but no noticeable noises
no visible defects on cover or label
VG+ = Very Good Plus; played but almost excellent, minimal surface noise
slight signs of cover or label wear or age (see comments)
VG = Very Good; used, surface noise, fingerprints, light scratches
various light cover or label defects (see comments)
G = Good; worn, significant surface noise, still plays through if scratched
significant cover or label defects (see comments)
F, P = Fair, Poor; defective (very dirty, heavy scratches, heavily warped, broken, partly not playable)
X = without original cover or generic sleeve only (i.e. cover grading is not applicable)

Cover is graded first, then the record. Generic inner sleeves are *not* graded. Please contact me if you need to know more details or if you want to see detailed photos or scans.
